To Whom It May Concern,

It is with great pleasure that I am writing this letter in support of Jazer Lockhart. I have had the pleasure of knowing him for the past few years.

Jazer is a student in my shop at Vinal Technical High School. The IST shop at Vinal Tech is most challenging; in shop the students learn networking, computer programming, Adobe and Microsoft Software applications, computer hardware and Software theory. In addition to learning these programs, they apply what they learned by doing projects for the school and the community.

Jazer was a hard working student. He always finishes his work by being a conscientious and a steady worker. He was a go-to student for many projects, including but not limited to computer hardware repair and general computer and network maintenance. Jazer has the ability to push the work he does to the next level and make it better than what is expected.

Jazer is a conscientious student and a hard worker. As a high school student earned the following certifications from Microsoft, MOS Access, MOS PowerPoint, MOS Excel, his Microsoft Technical Associate (MTA) in HTML & CSS, also Adobe Certification (ACA) in Adobe Illustrator and Adobe InDesign. He is also a member of the National Honor Society

His hard work and perseverance will be his best asset! If you have any questions please call.

Sincerely,

RoseAnn Vaughan
Department Head / Instructor
Vinal Technical High School
